EXPERIENCE

- **Innovaccer** Noida, India
SDE-1 *Feb 2022 - April 2023*
 - Worked as a **Frontend developer** for creating end to end features for **InCare** product. InCare is developed for care manager persona in the healthcare supply chain ecosystem.
 - Built high-quality, clean, scalable and reusable code with **React, Redux, Javascript and Typescript**.
 - Involved in developing unit and end-to-end tests and increasing module **coverage to 95% using Jest and Cypress**.
 - Handled analytics to measure user engagement and retention using **Mixpanel**.
 - Performed **refactoring of code** thereby delivering continuous improvement and enhancing the existing product suite.
 - Improved **page speed** and reduced **latency** by designing a smaller response payload and executing APIs in batches.
 - Worked closely with the Product Owners and Designers to understand detailed requirements and own the code from implementation.
 - **Reviewing code** for Interns and Associates
- **Innovaccer** Noida, India
SDE Intern [CERTIFICATE] *May 2021 - July 2021*
 - Created an end-to-end mobile application using **Flutter**.
 - Completed UI Development and Backend Integration of the application.
 - Exploited Local Storage the application using **Hive** NoSQL database.
- **WYT Community** Bangalore, Karnataka, India
Flutter Developer *Jan. 2021 - Mar. 2021*
 - Lead the End-to-end product strategy and Wireframing for MVP of a social media platform
 - Independently worked on the UI Development and Backend Integration of the MVP using **Flutter, Provider, Dart**.

PROJECTS

- **ChatMate**: Built a personalized chat app using Next.js, React.js, TypeScript, and Tailwind, with Firebase backend integration and OpenAI API integration. **[LINK]** **[GITHUB]**
- **CodeCraft**: Flutter app showcasing cast of Rick and Morty using Rest API; Provider for state management; Pagination for good user experience and Hive for exploiting local storage **[VIDEO]** **[GITHUB]**
- **Rick and Morty Gallery**: Developed and deployed a responsive online code editor using React.js and Tailwind CSS, allowing users to write and test HTML, CSS, and JavaScript code in real-time. **[VIDEO]** **[GITHUB]**

PROGRAMMING SKILLS

- **Languages and Tech**: React, Next.js, Javascript, Typescript, C++, Flutter, Dart, HTML, CSS
- **Tools/Testing/Others**: React Testing Library, Problem Solving, Tailwind, DSA, Redux, Git, Cypress, Jest, Mixpanel, Firebase, Hive, Jira, Agile

EDUCATION

- **Jaypee Institute of Information Technology** Uttar Pradesh, India
Bachelor of Technology in Computer Science; CGPA: 7.3 *Aug. 2018 – Feb. 2022*
- **RRK Senior Secondary School** Uttar Pradesh, India
Class 12; Percentage: 91.6 *July 2016 – May 2017*
